“That this municipal council will look at the layout of the junction between the low road and white point to see if any improvements can be done at this junction owing to the volume of traffic and also to look at the possibility of widening the road on the right hand side going down to white point itself to prevent buses having to mount the footpath on their way down to the car park and to the liners which would help to ease the flow of traffic..”
- 14. To consider the following Notice of Motion in the name of Cllr. Cathal Rasmussen:**
“That this municipal council would look for a full review of the present locations of all the bus stops for Cobh Connect in and around the town and to actively look at considering moving a number of them for safety and traffic congestion reasons such as Park road and opposite the entrance to Ballynoe hill and to consider the inclusion of extra stops at Belvelly and the Carrigaloe area.”

- 16. To consider the following Notice of Motion in the name of Cllr. Sean O’Connor:**
“That the council would erect a number of Radar Advanced Speed signs on the Carrignafof Road between Bishop Street and Carrignafof Terrace. This is one of the busiest roads on the island with a number of speed ramps would also be welcomed before the schools are open in August/September. On this road there are 5 schools, a swimming pool, 2 Cobh GAA grounds and a GAA pavilion that is in use day and night, Carrignafof Community College Sports Ground including an Astroturf pitch, Elton Pitch and Putt Grounds, St Colman’s Cemetery, A Supermarket, 3 large housing estates with the number of houses alone in these 3 estates totalling 380, 2 smaller estates, 6 slip roads to other housing groups, 2 bus stops and a round-about. The content of this motion is well justified when you pencil in the fact that the new ring road that runs

through college manor estate has a junction that leads on to and from Carrignafoy road.”
