**RE: DECLARATION OF EXEMPTED DEVELOPMENT UNDER SECTION 5 OF THE  
PLANNING & DEVELOPMENT ACT 2000 - 2010.**

Dear Sir & Madam,

On the basis of the information submitted by you on 6<sup>th</sup> February and 20<sup>th</sup> March 2024 the Planning Authority, having considered the question whether or not the elevation changes to the side extension of **Cronin's Butchers, Strand Street, Kanturk, Co. Cork P51 NR22** (list of changes highlighted on Drawing 696-CD-180) is or is not development and is or is not exempted development has declared that it is **development and is exempted development**.

**Reason for Decision**

The Planning Authority in considering this referral had particular regard to:

- The particulars received by the Planning Authority on 06/02/2024 and 20/03/2024,
- Section 3 of the Planning and Development Act (2000, as amended),
- Section 4(1)(h) of the Planning and Development Act (2000, as amended) and
- Articles 6, 9 and 10 of the Planning and Development Regulations (2001, as amended)

**And Whereas Cork County Council has concluded that –**

The elevation changes to the side extension of **Cronin's Butchers, Strand Street, Kanturk, Co. Cork P51 NR22 is development and is exempted development**.

*This exemption does NOT itself empower a person to carry out a development unless that person is legally entitled to do so.*

**Please note that under Section 5 Subsection 3(a) where a declaration is issued under this section, any person issued with a declaration under subsection 2(a) may, on payment to the Board of such fee as may be prescribed, refer a declaration for review by the Board within 4 weeks of the date of the issuing of the declaration.**

Yours faithfully,

**KEVIN O' REGAN  
SENIOR EXECUTIVE OFFICER,  
PLANNING DEPARTMENT.**

*In order to process your query, it may be necessary for Cork County Council to collect Personal information from you. Such information will be processed in line with our privacy statement which is available to view at <https://www.corkcoco.ie/privacy-statement-cork-county-council>*

**Application Type:** Section 5  
**Description:** Elevation changes to side extension  
**Location:** Cronin's Butchers, Strand Street, Kanturk P51 NR22  
**Applicant:** Cathal & Sara Cronin

### 1. Requirements for a Section 5 Declaration Application

Section 5(1) of the Planning and Development Act, 2000 (as amended) states:

*5.—(1) If any question arises as to what, in any particular case, is or is not development or is or is not exempted development within the meaning of this Act, any person may, on payment of the prescribed fee, request in writing from the relevant planning authority a declaration on that question, and that person shall provide to the planning authority any information necessary to enable the authority to make its decision on the matter.*

### 2. The question before the planning authority

The question is whether the following is or is not development and is nor is not exempted development, can reasonably considered to be as follows:

*'Are Elevational changes to the Side Extension exempted development?'*

### 3. Site Location and Description

The subject building pertains to Cronins Butchers, Strand Street, Kanturk, Co. Cork, which is a two-storey, end-of-terrace property that fronts onto the public realm. It is not a Protected Structure, and is not listed on the NIAH. However, it is within St. Mary's Architectural Conservation Area.

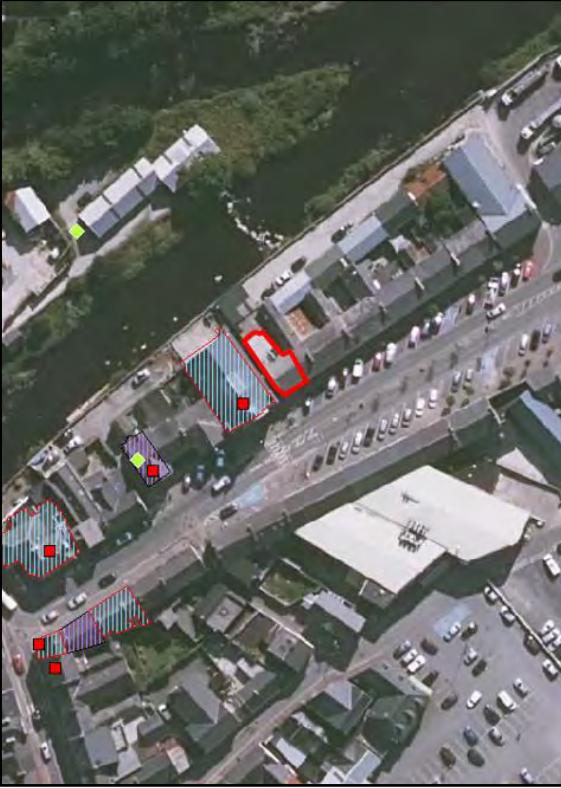

Figure 1: Extract from Planning Enquiry with satellite imagery, with approximate location of property outlined in Red.

### 4. Relevant Planning Legislation and Regulations

Planning and Development Act, 2000 (as amended):

Section 2(1) of the Act defines "works" as follows:

*"works" includes any act or operation of construction, excavation, demolition, extension, alteration, repair or renewal and, in relation to a protected structure or proposed protected structure, includes any act or operation involving the application or removal of plaster, paint, wallpaper, tiles or other material to or from the surfaces of the interior or exterior of a structure.*

*"alteration" includes—*

- (a) plastering or painting or the removal of plaster or stucco, or*
- (b) the replacement of a door, window or roof, that materially alters the external appearance of a structure so as to render the appearance inconsistent with the character of the structure or neighbouring structures;*

**Section 3 (1)** of the Act defines "development" as follows:

*"In this Act, "development" means, except where the context otherwise requires, the carrying out of any works on, in, over or under land or the making of any material change in the use of any structures or other land."*

**Section 4(1)** states that the following shall be exempted development for the purposes of this Act:

*(h) development consisting of the carrying out of works for the maintenance, improvement or other alteration of any structure, being works which affect only the interior of the structure or which do not materially affect the external appearance of the structure so as to render the appearance inconsistent with the character of the structure or of neighbouring structures;*

**Planning and Development Regulations, 2001, as amended**

**Article 6(1)** defines the scope of exempted development for the purposes of the Act as referred in Section 4(2) of the Act. The article refers to Schedule 2 forming part of the Regulations. Article 6(1) is subject to provisions of Article 9.

**Article 9(1)** sets out circumstances in which exempted development defined by Article 6 Second Schedule shall not be exempted development, including if the carrying out of development would:

*"(i) contravene a condition attached to a permission under the Act or be inconsistent with any use specified in a permission under the Act".*

**5. Relevant Planning History**

**5.1 Planning History**

No known recent history.

Figure 3: Extract from Planning Enquiry, with location of property highlighted with a 'Star'.

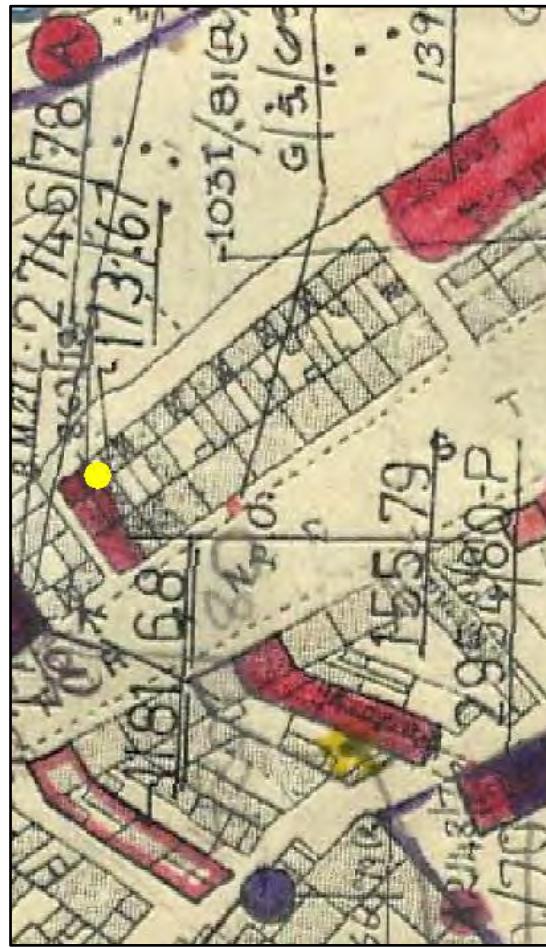

Figure 4: Extract from Historical Mapping / Archives.

Historical Permission: Reg. 155/79 – *Permission granted* for the reconstruction and extension of shop / dwelling house.

## 6. Planning Assessment

### Is or is not development?

The first issue for consideration is whether or not the ‘Elevational changes to the Side Extension of the subject building is ‘development’ which is defined in Section 3(1) and ‘works’ is defined in Section 2(1) of the Act. *It is considered that the development as described by the Referrer clearly falls within the definition of ‘development’.*

### Is or is not exempted development?

Development can be exempted from the requirement for planning permission by either Section 4 of the Act, or Article 6 of the Regulations.

In this case the said development does not come within the scope of any class specified in any part of Schedule 2, having particular regard for Part 1: Exempted Development – General, of the Planning & Development Regulations:

The Agents states the following works as the focus of this Question:

List of minor elevation changes to back extension ref 155/79.

Q1 - Block up existing large window for security reasons and replace with a timber style door to match existing and use as private secure access to residence.

Q2 - Glass Panel to existing door frame removed for security reasons.

Q3 - New window to WC. The original planning ref 155/79 included a larger window here, but was never installed.  
Q4a/Q4b. One window was granted planning ref 155/79 but 2 were required for 2 separate rooms for building regulations.  
Both windows have been in place since the extension was constructed in 1979 with no enforcement made. Also no overlocking occurs to the Credit Union adjacent as there are no windows at first floor  
Q4b will be brought back to its original height (not floor length).

Conservation Officer

Given that the property is within an ACA, this Question has been Referred to the Conservation Officer for comment, and on 13/2/2024 „confirming I have no issues with the proposal it is not visible.’

Proposed Amendments

In the main, the works can be considered as mainly being ‘cosmetic alterations’ to the property, the reporting Planner would be satisfied that these could be considered “exempt development” as per S4(1)(h) of the Act as these changes would not materially affect the external appearance of the structure so as to render the appearance inconsistent with the character of the structure or of neighbouring structures.”

However, notwithstanding the above, and in the case of the new door at the Side Elevation which provides access to the Proposed First Floor, which is depicted as a 2-Bedroom residential unit, this would require further information from the Applicant. The submitted Ground Floor Plan depicts this as being currently laid out as an ancillary Office use for the Ground Floor commercial unit. As such any historical Permission as residential could not be relied upon as that use is not in place. This matter, therefore, requires to be clarified with the Applicant.

**7. Recommendation and Conclusion**

Further information as follows is required from the Applicant:

**Further Information for Section 5: D-207/24 for Cronins Butchers, Strand Street, Kanturk, Co. Cork**

Whilst the Question posed to the Planning Authority relates mainly to ‘cosmetic changes’, it is nonetheless noted that the proposed new door at the Side Elevation which provide access to the First Floor which is depicted as a proposed 2-Bedroom residential unit. This is currently depicted as an ancillary Office use for the Ground Floor commercial unit. It is not clear what Exempted Development

or what Planning Permission or the First Floor residential use relies upon, having regard for the historical Planning history.

Therefore, the above shall be clarified, and it may be a case that the Applicant wishes to submit a new Section 5 for the First Floor if it is considered that it may fall within Exempted Development criteria of the Regulations cited as the Planning and Development (Amendment)(No.2) Regulations 2018 [existing buildings that have a current commercial use with reference to Classes 1, 2, 3, and 6 of Part 4 to Schedule 2 of the Planning and Development Regulations 2001], and has been vacant for a period of 2 years or more immediately prior to the commencement of the proposed development].

Further, if the above is not the case, then a Planning application should be prepared for the proposed development that, *inter-alia*, provides for a residential use at the First Floor.

## 9. Further Information Response

### FURTHER INFORMATION RESPONSE

The Agent has submitted a Response in respect to the Planning Authority's request for Further Information.

The following has been stated '*The office depicted is only a home office like many over the shop residents and family run business (there is only a dining table & filing cabinets in place). The use was never changed to commercial on the first floor.*'

Given the above, and having regard for the submitted documentation with this Section 5 application, and the proposed new door at the Side Elevation which provides access to the Proposed First Floor, and which is depicted as a 2-Bedroom residential unit, the reporting Planner is satisfied that the subject door would not accommodate access to any un-authorised use at the upper level.

Therefore, it is the opinion of the reporting Planner with respect to the proposed works that they can be considered as mainly being 'cosmetic alterations' to the property, and would be "exempt development "as per S4(1)(h) of the Act as these changes would not materially affect the external appearance of the structure so as to render the appearance inconsistent with the character of the structure or of neighbouring structures."

## 10. Recommendation and Conclusion

The proposed works include the following (ref. submitted drawings):

List of minor elevation changes to block extension ref 155/79

- O1-Block up existing large window for security reasons and replace with a timber style door to match existing and use as private secure access to residence.
- O2- Glass Panel to existing door frame removed for security reasons,
- O3-New window to WC. The original planning ref 155/79 included a larger window here, but was never installed.
- O4a(O4) One window was granted planning ref 155/79 but 2 were required for 2 separate rooms for building regulations. Both windows have been in place since the extension was constructed in 1979 with no enforcement made. Also no overlooking occurs to the Great Union adjacent as there are no windows at first floor.
- O4b will be brought back to its original height (not floor length)

It is considered the proposed works i.e. 'Elevational changes to the Side Extension of the subject building' at Cronin's Butchers, Strand Street, Kanturk P51 NR22 amounts to development. Therefore, the issue to be considered is whether the development is exempted development or not.

The Planning Authority has concluded that the proposed works "**is development and is exempted development**".

In reaching this opinion regard has been had to Section 2(1), Section 3 (1) Section 4(1) of Planning and Development Act, 2000 (as amended) and Article 6(1) and Article 9(1)of the Planning and Development Regulations 2011 (as amended).

*Helen O'Sullivan*

Helen O'Sullivan  
Area Planner  
8/4/2024

---

The report of the Area planner is noted and I concur that the subject development is **development and is exempted development**.

In response to the Further Information Request, the applicant has confirmed that the first floor use is residential as permitted under planning ref. 79/155 and the office depicted on the first floor plans is a 'home office' like many over the shop residents and family run business and the first floor use was never commercial use. The proposed elevational changes will provide a separate access to the existing first floor residential use.

Based on the information provided, I conclude that the works proposed come within the scope of Section 4(1)(h) of the Planning and Development Act 2000 (as amended), being works which affect only the interior of the structure or which do not materially affect the external appearance of the structure so as to render the appearance inconsistent with the character of the structure or

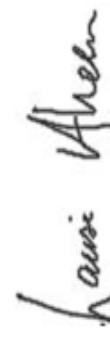

neighbouring structures and I consider the provision of a separate access to the existing first floor residential unit over the shop would not have material consequences and would not constitute an intensification of the use of the land.

Accordingly, whereas a question has been raised regarding whether the elevation changes to the side extension of Conin's Butchers, Strand Street, Kanturk, P51 NR22 (list of changes highlighted on Drawing 696-CD-180) is or is not development and is or is not exempted development and having had regard to:

- The particulars received by the Planning Authority on 06/02/2024 and 20/03/2024,
- Sections 3 of the Planning and Development Act (2000, as amended),
- Section 4(1)(h) of the Planning and Development Act (2000, as amended),
- Articles 6, 9 and 10 of the Planning and Development Regulations (2001, as amended)

it is concluded by the Planning Authority that:

the elevation changes to the side extension of Conin's Butchers, Strand Street, Kanturk, P51 NR22 is **development and is exempted development.**

Hi Helen

I received your letter re' the above requesting further clarification.

The existing first floor relies on planning permission 155/79 residential use, no exemption is required I would have thought. The office depicted is only a home office like many over the shop residents and family run business (there is only a dining table & filing cabinets in place). The use was never changed to commercial on the first floor.

RE: DECLARATION OF EXEMPTED DEVELOPMENT UNDER SECTION 5 OF THE  
PLANNING & DEVELOPMENT ACT 2000 - 2010.

Dear Sir & Madam,

I refer to your application for a Declaration of Exemption in relation to the above. In respect of the proposal submitted, you are requested to submit further clarification in accordance with Section 5 (2)(b):

Whilst the question posed to the Planning Authority relates mainly to 'cosmetic changes', it is nonetheless noted that the proposed new door at the side elevation would provide access to the first floor, which would be a proposed 2-Bedroom residential unit. This is currently depicted as an ancillary office use for the ground floor commercial unit on the existing layout. It is not clear what exempted development criteria or what Planning Permission the first floor residential use relies upon, having regard for the historical planning history.

Therefore, the above shall be clarified, and it may be a case that you wish to submit a new Section 5 for the First Floor if it is considered that it may fall within Exempted Development criteria of the Regulations cited as the Planning and Development (Amendment) (No.2) Regulations 2018 [existing buildings that have a current commercial use with reference to Classes 1, 2, 3, and 6 of Part 4 to Schedule 2 of the Planning and Development Regulations 2001, and has been vacant for a period of 2 years or more immediately prior to the commencement of the proposed development].

Further, if the above is not the case, then a Planning application should be prepared for the proposed development that, *inter-alia*, provides for a residential use at the First Floor.

Yours faithfully,

## 1. Requirements for a Section 5 Declaration Application

Section 5(1) of the Planning and Development Act, 2000 (as amended) states:

5.—(1) If any question arises as to what, in any particular case, is or is not development or is or is not exempted development within the meaning of this Act, any person may, on payment of the prescribed fee, request in writing from the relevant planning authority a declaration on that question, and that person shall provide to the planning authority any information necessary to enable the authority to make its decision on the matter.

## 2. The question before the planning authority

The question is whether the following is or is not development and is nor is not exempted development, can reasonably considered to be as follows:

'Are Elevational changes to the Side Extension exempted development?

## 3. Site Location and Description

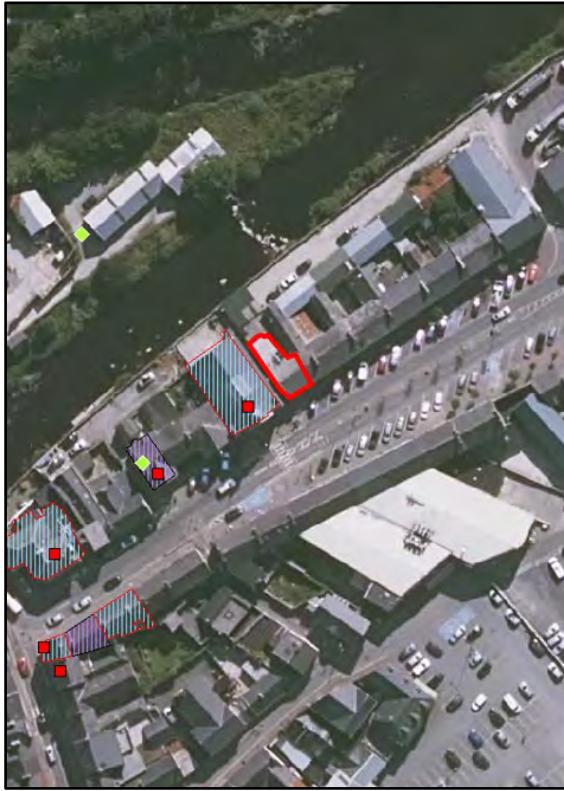

Figure 1: Extract from Planning Enquiry with satellite imagery, with approximate location of property outlined in Red.

## 4. Relevant Planning Legislation and Regulations

### Planning and Development Act, 2000 (as amended):

Section 2(1) of the Act defines "works" as follows:

"works" includes any act or operation of construction, excavation, demolition, extension, alteration, repair or renewal and, in relation to a protected structure or proposed protected structure, includes any act or operation involving the application or removal of plaster, paint, wallpaper, tiles or other material to or from the surfaces of the interior or exterior of a structure.

"alteration" includes—

- (a) plastering or painting or the removal of plaster or stucco, or
- (b) the replacement of a door, window or roof, that materially alters the external appearance of a structure so as to render the appearance inconsistent with the character of the structure or neighbouring structures;

**Section 3 (1)** of the Act defines "development" as follows:

"In this Act, "development" means, except where the context otherwise requires, the carrying out of any works on, in, over or under land or the making of any material change in the use of any structures or other land."

**Section 4(1)** states that the following shall be exempted development for the purposes of this Act:

(h) development consisting of the carrying out of works for the maintenance, improvement or other alteration of any structure, being works which affect only the interior of the structure or which do not materially affect the external appearance of the structure so as to render the appearance inconsistent with the character of the structure or of neighbouring structures;

**Planning and Development Regulations, 2001, as amended**

**Article 6(1)** defines the scope of exempted development for the purposes of the Act as referred in Section 4(2) of the Act. The article refers to Schedule 2 forming part of the Regulations. Article 6(1) is subject to provisions of Article 9.

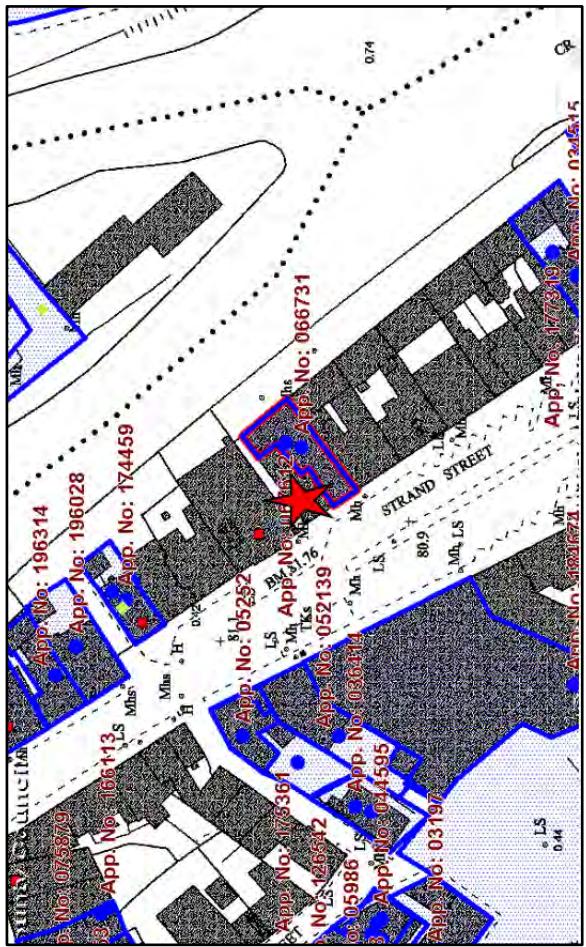

**Article 9(1)** sets out circumstances in which exempted development defined by Article 6 Second Schedule shall not be exempted development, including if the carrying out of development would:

"(i) contravene a condition attached to a permission under the Act or be inconsistent with any use specified in a permission under the Act".

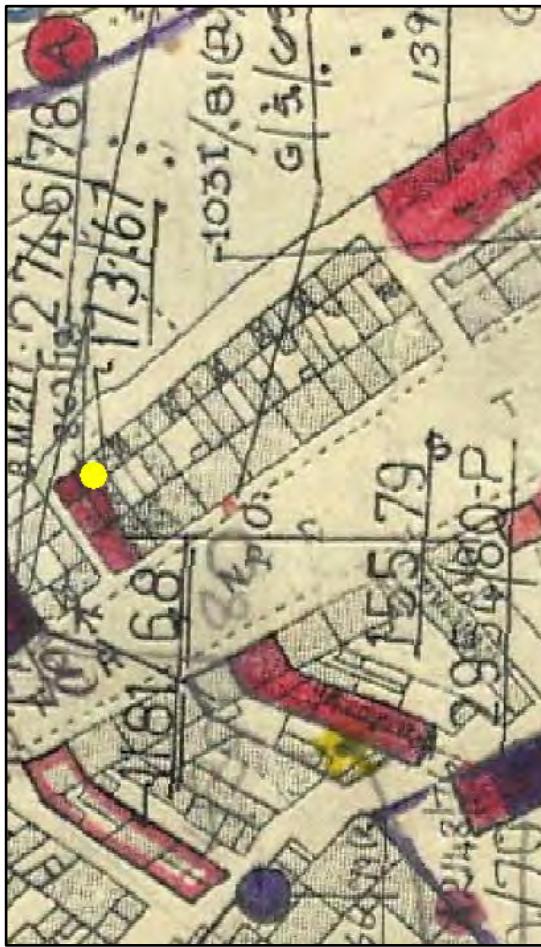

## 5. Relevant Planning History

### 5.1 Planning History

**Figure 4:** Extract from Historical Mapping / Archives.

Historical Permission: Reg. 155/79 – *Permission granted* for the reconstruction and extension of shop / dwelling house.

### 6. Planning Assessment

#### Is or is not development?

The first issue for consideration is whether or not the proposed amendments are 'development' which is defined in Section 3(1) and 'works' is defined in Section 2(1) of the Act. *It is considered that the development as described by the Referrer clearly falls within the definition of 'development'.*

#### Is or is not exempted development?

Development can be exempted from the requirement for planning permission by either Section 4 of the Act, or Article 6 of the Regulations.

In this case the said development does not come within the scope of any class specified in any part of Schedule 2, having particular regard for Part 1: Exempted Development – General,

of the Planning & Development Regulations:

The Agents states the following works as the focus of this Question:

List of minor elevation changes to back extension ref 155/79

Q1-Block up existing large window for security reasons and replace with a timber style door to match existing and use as private secure access to residence.

Q2- Glass Panel to existing door frame removed for security reasons.

Q3-New window to WC. The original planning ref 155/79 included a larger window here, but was never installed.

Q4a/Q4b- One window was granted planning ref 155/79 but 2 were required for 2 separate rooms for building regulations. Both windows have been in place since the extension was constructed in 1979 with no enforcement made. Also no overlocking occurs to the Credit Union adjacent as there are no windows at first floor Q4b will be brought back to its original height (not floor length).

### **Conservation Officer**

Given that the property is within an ACA, this Question has been Referred to the Conservation Officer for comment, and on 13/2/2024 ‘...confirming I have no issues with the proposal it is not visible.’

### **Proposed Amendments**

In the main, the works can be considered as mainly being ‘cosmetic alterations’ to the property, the reporting Planner would be satisfied that these could be considered “exempt development “as per S4(1)(h) of the Act as these changes would not materially affect the external appearance of the structure so as to render the appearance inconsistent with the character of the structure or of neighbouring structures.”

However, notwithstanding the above, and in the case of the new door at the Side Elevation which provides access to the Proposed First Floor, which is depicted as a 2-Bedroom residential unit, this would require further information from the Applicant. The submitted Ground Floor Plan depicts this as being currently laid out as an ancillary Office use for the Ground Floor commercial unit. As such any historical Permission as residential could not be relied upon as that use is not in place. This matter, therefore, requires to be clarified with the Applicant.

### **7. Recommendation and Conclusion**

Further information as follows is required from the Applicant:

#### **Further Information for Section 5: D-207/24 for Cronins Butchers, Strand Street, Kanturk, Co. Cork**

Whilst the Question posed to the Planning Authority relates mainly to ‘cosmetic changes’, it is nonetheless noted that the proposed new door at the Side Elevation would provide access to the First Floor, which would be a proposed 2-Bedroom residential unit. This is currently depicted as an

ancillary Office use for the Ground Floor commercial unit on the Existing Layout. It is not clear what exempted development criteria or what Planning Permission the First Floor residential use relies upon, having regard for the historical Planning history.

## ADVISORY NOTES:

The application must be accompanied by the required fee of €80

The application must be accompanied by a site location map which is based on the Ordnance Survey map for the area, is a scale not less than 1:1000 and it shall clearly identify the site in question.

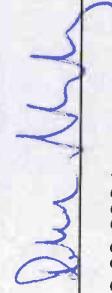

Sufficient information should be submitted to enable the Planning Authority to make a decision. If applicable, any plans submitted should be to scale and based on an accurate survey of the lands/structure in question.

The application should be sent to the following address:  
The Planning Department, Cork County Council, Floor 2, Co. Hall, Carrigrohane Road, Cork, T12 R2NC, or for applications related to the Western Division, The Planning Department, Cork County Council, Norton House, Cork Road, Skibbereen, Co. Cork, P81 AT28.

- The Planning Authority may require further information to be submitted to enable the authority to issue a decision on the Declaration of Exemption application.
- The Planning Authority may request other person(s), other than the applicant; to submit information on the question which has arisen and on which the Declaration of Exemption is sought.
- Any person issued with a Declaration of Exemption may on payment to An Bord Pleanála refer a Declaration of Exemption for review by the Board within 4 weeks of the date of the issuing of the Declaration of Exemption decision.
- In the event that no Declaration of Exemption is issued by the Planning Authority, any person who made a request may on payment to the Board of such a fee as may be prescribed, refer the question for decision to the Board within 4 weeks of the date that a Declaration of Exemption was due to be issued by the Planning Authority.

*The application form and advisory notes are non-statutory documents prepared by Cork County Council for the purpose of advising the type of information which is normally required to enable the Planning Authority to issue a Declaration of Exemption under Section 5. This document does not purport to be a legal interpretation of the statutory legislation nor does it state to be a legal requirement under the Planning and Development Act 2000 as amended, or Planning and Development Regulations, 2001, as amended.*

**9. I hereby declare that, to the best of my knowledge and belief, the information given in this form is correct, accurate and fully compliant with the Planning and Development Acts 2000, as amended and the Regulations made thereunder:**

**⚠** Client's attention is drawn to the following notes, indicating client's design responsibilities.

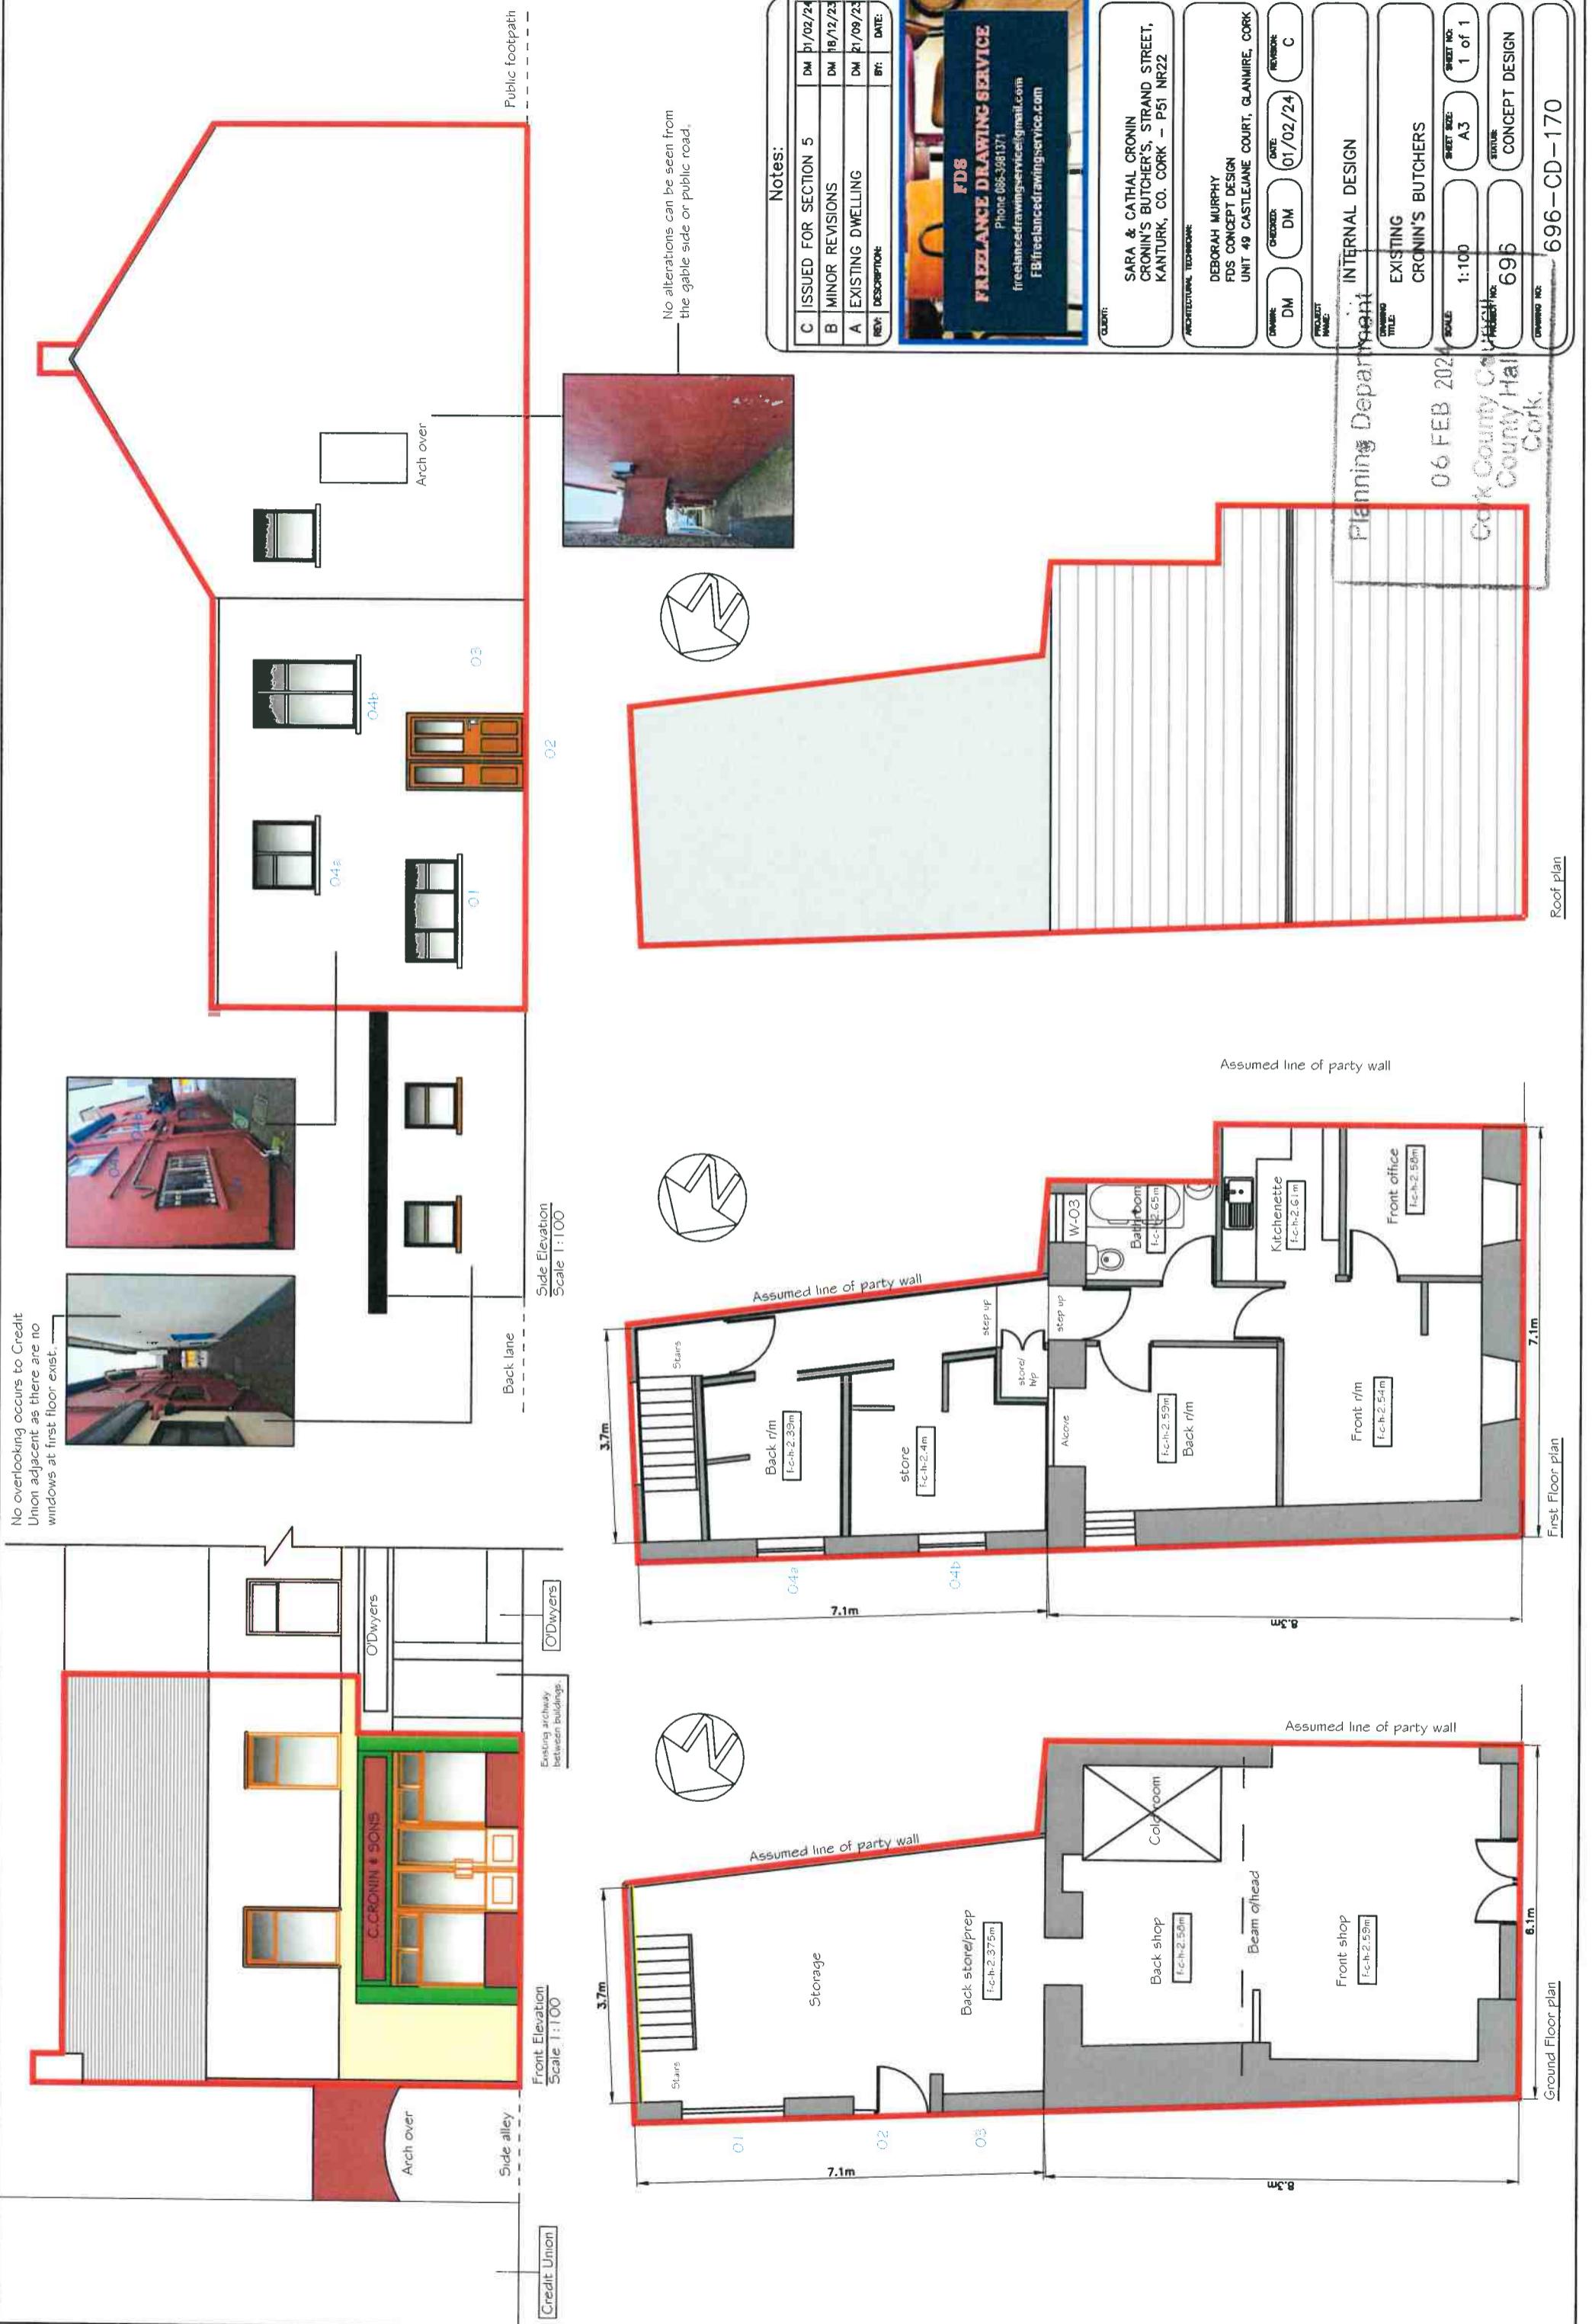

Layouts are CONCEPT drawings for CONCEPT™, only exact dimensions to be taken by individual contractor on site. Notes and specifications are only guidance for client, not a specification to tender or construction use. Also refer to appointed Engineers report. The contractor shall visit & examine the site prior to beginning or pricing work to verify accuracy and suitability of conditions for the work. Any defects or errors which would cause defective installation/application of products or cause potential defects in workmanship &/or function shall be identified to the client & corrected prior to starting work on site. The contractor should note that not all existing underground services are necessarily shown & that confirmation should be sought from by selective excavation prior to construction. All electrical work to be in accordance with the National Rules for electrical installations. All plumbing, heating, electrical & general works shall be carried out in accordance with the Building regulations & by registered tradesmen only. All contractors work to be in accordance with Technical Guidance Documents Part A, M & Cavity wall and general details. Any discrepancies in the drawings should be highlighted to the Engineer before proceeding with work. The contractor shall daily & upon completion, clean all surfaces, remove from the site all rubbish & accumulated materials of whatever nature caused or resulting from the work & shall leave the site in a clean & orderly condition.

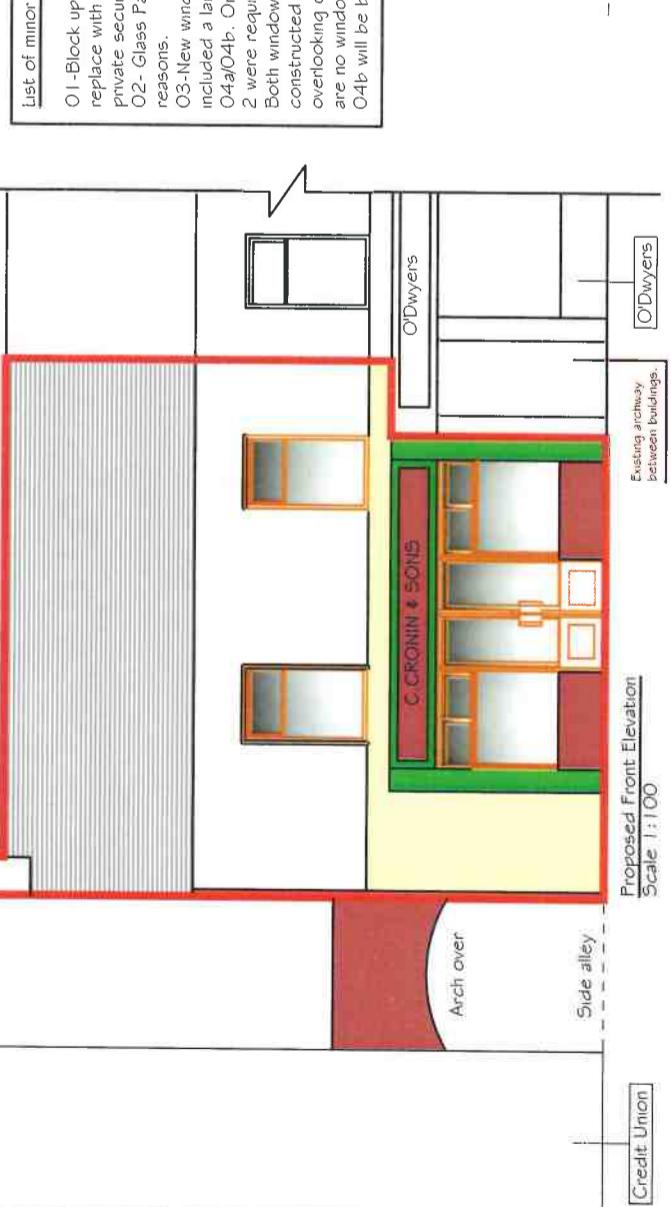

**NOTE FOR DESIGNER:**  
"This drawing is conceptual only and for the convenience of reference. It should not be relied upon as representation express or implied, of the final size, location or dimensions of any property or building area. The developer does not indemnify or otherwise provide security, insurance cover or protection against any loss or other financial burden to the user. The developer expressly reserves the right to make any modifications, revisions, and changes it deems desirable." The client shall appoint a Chartered Engineer to design all structural details for this project phase refer to the engineer's specification for any details and not the sketch provided.

**CERTIFICATE OF COMPLIANCE:**  
A Certificate of compliance is required for all new build work and for all alterations, additions or extension work to an existing property to ensure that all works have been carried out in accordance with any planning permission required, building regulations, building control and fire regulations. Certificate of exemption required for work not requiring planning permission. A registered certifier should be appointed before any such development work takes place.

List of minor elevation changes to back extension ref 155/79.

O1-Block up existing large window for security reasons and replace with a timber style door to match existing and use as private secure access to residence.

O2-Glass Panel to existing door frame removed for security reasons.

O3-New window to WC. The original planning ref 155/79 included a larger window here, but was never installed.

O4a/O4b. One window was granted planning ref 155/79 but 2 were required for 2 separate rooms for building regulations. Both windows have been in place since the extension was constructed in 1979 with no enforcement made. Also no overlooking occurs to the Credit Union adjacent as there are no windows at first floor. O4b will be brought back to its original height (not floor length).
