It was requested that the development of the X-01 masterplan was prioritised over the development of Monard. It was requested that the wording of the Managers Opinion to BYDLAP11/941 be amended to delete any reference to open space.	The PPU advised that the reference to open space in the managers' opinion was not an indication of the likely future use on site – the final use of this land	No change is recommended. The provision of open space will be considered as part of the Masterplan process. No site has been identified for the provision of open space in the

It was requested that the lands identified in submission BYDLAP11/978, relating to a site in the metropolitan greenbelt located to the north of Tower be included within the development boundary of Tower.	Having regard to the planning history of this site, the proposed development of 5 units was to accommodate family members within the Green Belt.
