**[h] NOTICES OF MOTION
FOGRAÍ RÚN**

- 11. **CLLR. BERNARD MOYNIHAN**
"That this council write to minister for housing to extend the break in planning contributions to owner occupiers who are developing derelict properties and availing of the grants"
- 12. **CLLR. GER CURLEY**
"Write to the department of housing and local government. Licensees for outdoor advertisement boards or signs to be reduced from €630 yearly fee to flat €50 fee for small businesses, restaurants and cafes."
- 13. **CLLR. JOHN PAUL O'SHEA**
"That the roads directorate would outline the individual spend and specific roads approved for the CIS & LIS Schemes in Cork County for 2024. The report should also outline the list of roads where applications have been made for future years".
- 14. **CLLR. FRANK O'FLYNN**
"That Cork County Council calls on Mr. Patrick O'Donovan TD, the Minister for Further and Higher Education to support the application by the University of Limerick to immediately establish a new Veterinary Medicine School in Munster and the Mid-West in order to address the chronic shortage of college places for students wishing to study veterinary medicine in Ireland. This will alleviate the obvious dependence on Veterinary Courses in other countries for Irish students going forward. With major public health issues confronting the world today, Ireland needs to ensure that we have enough veterinary practitioners going forward and control over the education of its vital veterinary practitioners into the future, for the protection of its Food industry, Farming communities, Equine industry and animal welfare across all species."
- 15. **CLLR. LIAM MADDEN**

“Croi Conaithe Scheme Vacant/ Derelict Properties update on same.
The amount of proposals received under scheme, approved, paid out and total year to date.
Ways this scheme may be improved changes in planning stage payments and legal process.”

16. CLLR. ÚNA MCCARTHY

“That Cork County Council would make contact with Cork City Council in order to reconvene the Joint Cork County Council/Cork City Council Committee. This committee, which was previously in place, served for successful collaboration on initiatives and projects relevant to transportation, greenways, roads, water, environment and other such projects that benefitted both the city and the county.”

17. CLLR. LIAM QUAIDE

“That Cork County Council would publish an update of its Major Emergency Plan for the County since its December 2021 iteration, as well as its revised plan for East Cork in light of Storm Babet and lessons learned from the emergency response to that event”

18. CLLR. FINBARR HARRINGTON

“That this council would write to the Minister for Agriculture, Food and the Marine and ask that his department would address as a matter of urgency all outstanding payments to farmers from 2023 in relation to the Agri Climate Rural Environment Scheme [ACRES Scheme] and set out a clear timeframe for the 2024 ACRES Scheme payments”.

19. CLLR. PETER O'DONOGHUE

“That this council would create very clear and concise planning requirements for solar farms, energy storage facilities and wind turbine farms which would ensure our county’s fertile agricultural land is preserved for food production, natural scenery and biodiverse landscape protected and that all current applications for such developments be put on hold until such planning requirements are in place.”

20. CLLR. SEAMUS MCGRATH

“This Council calls on the National Transport Authority to support a direct shuttle bus service between Cork Airport and the City Centre. Efficient access to the City Centre is critical for passengers to make connections for onward travel. Also, that there would be extended hours for the bus service to/from Cork Airport.”
